

MYP Unit Question: What factors affect the healthy development of cells?

Area of Interaction: Health and Social Education

Learner Profile: Knowledgeable

Your assignment is to produce a informative and attractive brochure describing a type of cancer. A brochure is usually produced on a normal sized piece of paper and folded into three.

This will give you 6 sections to complete:

FRONT	INSIDE FLAPS			BACK	
This is the Cover page or title page of your Brochure.	Definition of cancer. Describe what a mutation is. Describe the most common methods of fighting cancer.	Description and diagrams comparing Healthy Cell Division and Cancerous Division.	Discuss the causes of a particular type of cancer (your choice) Mention possible causes, symptoms, treatments and preventions.	Discuss causes of cancer in general, and some tips for healthy living.	References: These must be done in MLA format

The purpose of this assignment is to become informed and to educate others about the type of cancer, which is of interest to you!

It is also a way to demonstrate your understanding of the past unit to your teacher.

You will need to include a rough draft of your research notes (hand written) with your final project.
